EXCEPTIONAL NUMBERS FOR CLEAN™ 2017

At the Clean Executive Committee (CEC) Press Conference today at the Las Vegas Convention Center Chairwoman Mary Scalco released impressive numbers for the first two days of this year's Clean Show. The CEC was very pleased with the turn out for both attendees and exhibitors.

The exhibit floor which sold out with 227,006 net square feet of booth space, has been bustling since show opening. This is a substantial increase over the 197,400 sq. ft. used in the Clean 2015 Atlanta Show, and is the largest booth space sales since Clean 2007 show held in Las Vegas 10 years ago.

Registration at Clean 2017 has also increased from the 2015 show. As of close of business on day two of Clean 2017, there were 12,374 people registered. This is a significant increase from the total attendance at the 2015 Atlanta show of 11,264.

The future Clean Show sites include New Orleans June 20-23, 2019 and Atlanta June 10-13, 2021. At this time, the 2023 show location is still pending but potential host cities are Orlando, New Orleans, and Las Vegas.
